

# LETTER OF SUPPORT PARENT VOICES FOR PRE-K

I want my child, and other children in my community, to have the opportunity to attend a voluntary high-quality pre-k program. Alabama's First Class Pre-K program continues to rank #1 in the nation, however only 25% of Alabama's four-year-olds have access. I urge our legislators to take action NOW and make high quality pre-k accessible to all four-year-olds in our state, no matter where they live. Pre-k works!
